

Fan coil units with centrifugal fan

## ESTRO 1 - 11 kW

### PLUS

- ✓ 3 or 6-speed motors
- ✓ ABS centrifugal fans
- ✓ Can be integrated into the ERGO
- ✓ Heat exchanger up to 4 rows
- ✓ Reversible water connections
- ✓ Steel/ABS cabinet
- ✓ Incorporable ioniser

The most complete range of fan coil units on the market featuring the Galletti technology, quality level and reliability.

The ESTRO series is undoubtedly the line of fan coil units with the most complete range of models and accessories that are able to meet the needs of professionals in the field.

The range consists of 20 models in 9 versions. For the ESTRO project we selected top quality materials which, together with the great care and attention dedicated to the assembly of the main constructive components, make the ESTRO fan coil units highly reliable from a performance standpoint while minimising noise levels.

The conception underlying its construction makes it possible to combine models for vertical and horizontal installation: models for surface mounting on walls, floors/ceilings and recess mounting in walls/ceilings plus low body model for floor installation.

In its recess-mounted ductable version, ESTRO has a number of accessories that permit quick and economical installation with flexible ducts directly coupled with air diffusion grilles.

ESTRO can be combined with a range of on-board or wall-mounted control panels consisting of 20 options, depending on the level of comfort and adjustment required.

An innovative air ionization system ensures the sanitization of the indoor unit and the deodorization of the ambient air.

## AVAILABLE VERSIONS

### **ESTRO FL**

Version with cabinet, suitable for wall mounting.  
Vertical air flow, filter on the air intake securely attached to the cabinet with quarter-turn screws.

**ESTRO FL is available in 20 models.**

### **ESTRO FA**

Wall mounted with cabinet.  
The inclined front air flow makes the ESTRO FA version especially suited for installation in recesses up to a depth of 150 mm.

**ESTRO FA is available in 19 models.**

### **ESTRO CL**

Wall mounted with cabinet, vertical air flow.  
Designed with a range of pastel shades, it combines well with traditional furnishings and all architectures in which the warm colours and elegant shapes make ESTRO CL a perfect interior design accessory.  
Steel sheet panel colour: RAL 9001. ABS parts colour: PANTONE "warm gray 2 U"

**ESTRO CL is available in 20 models.**

### **ESTRO FU**

Version with cabinet, suitable for floor and ceiling mounting.  
The cabinet has air outlet grilles and air intake grilles with built-in filter.

**ESTRO FU is available in 20 models.**

### **ESTRO FP**

Version with cabinet, suitable for ceiling mounting. The air intake is located behind the air outlet grilles. This version is especially suitable if combining with external air intake louvers.

**ESTRO FP is available in 20 models.**

### **ESTRO FB**

Low-cabinet version, suitable for floor and ceiling mounting.  
The cabinet has air outlet grilles and air intake grilles with built-in filter.  
Rearranging the internal components has made it possible to reduce its height to just 438 mm.

**ESTRO FB is available in 9 models.**

### **ESTRO FC**

Model for vertical and horizontal recess mounting, air intake in line with the outlet, thermally insulated galvanised sheet steel body.  
Plenum and connectors complete the air intake and the air flow into the room.

**ESTRO FC is available in 20 models.**

### **ESTRO FF**

Model for vertical and horizontal recess mounting, front air intake, thermally insulated galvanised sheet steel body.  
The front air intake allows horizontal or floor recessed installation with direct intake from the false-ceiling.

**ESTRO FF is available in 20 models.**

### **ESTRO FBC**

Low-cabinet version for vertical and horizontal recess mounting, front air intake with air filter, thermally insulated galvanised sheet steel body.  
Rearranging the strategic components has made it possible to reduce its height to just 412 mm.

**ESTRO FBC is available in 9 models.**

## MAIN COMPONENTS

### Cabinet

Composed of a painted steel sheet panel, side panels, air outlet grille (swinging by 180°) and back suction grille built from ABS. Round shapes and colours that can satisfy all interior decorating needs, in line with architectural requirements.

### Structure

Built from galvanised steel sheet of extra thickness, heat and sound insulated by means of Class 1 self-extinguishing panels. FU, FB, FC, FF and FBC versions have a double drip tray for collecting condensate.

### Heat exchanger

High efficiency heat exchanger made with copper piping and aluminium fins, provided with brass manifolds and vent valve. The water connections are reversible at the time of installation. On request it is possible to mount an additional heat exchanger for 4-pipe systems.

### Electric motor

It is mounted on vibration dampers, with permanently activated capacitor and thermal protection of the windings, and is directly coupled with the fans. It is available as either a 3- or 6-speed version in order to meet all the specific needs of performance, quietness, and power consumption.

### Fans

Double suction centrifugal fans, statically and dynamically balanced, manufactured from anti-static ABS, with blades having an airfoil section and offset modules. The fans are housed in a low-noise ABS volute with high-efficiency profile.

### Air filter

Honey-comb polypropylene washable air filter, easily removable for maintenance operations. On FU and FB versions the air filters are fitted onto the air inlet grille.

## ACCESSORIES

### Electromechanical control panels

<b>CB</b>	On-board speed switch
<b>TB</b>	On-board speed switch and thermostat
<b>TIB</b>	On-board speed switch, thermostat and summer/winter selecting switch
<b>TC</b>	Thermostat for minimum water temperature in the heating mode (42°C) for controllers
<b>CD</b>	Recess wall-mounted speed selector
<b>CDE</b>	Wall-mounted speed selector
<b>TD</b>	Wall-mounted speed selector, thermostat and summer/winter selecting switch
<b>TDC</b>	Wall-mounted speed selector and thermostat
<b>TD4T</b>	Wall-mounted speed selector, thermostat and summer/winter selecting switch, for controlling fan and valves
<b>TA</b>	Wall-mounted room thermostat
<b>TA2</b>	Room thermostat with summer/winter selecting switch, wall mounting

### Wall-mounted microprocessor electronic control panels

<b>MCBE</b>	MYCOMFORT BASE electronic controller with display
<b>MCME</b>	MYCOMFORT MEDIUM electronic controller with display
<b>MCLE</b>	MYCOMFORT LARGE electronic controller with display
<b>KBE</b>	MYCOMFORT on-board installation kit
<b>DIST</b>	MYCOMFORT controller spacer for wall mounting
<b>MCSWE</b>	Water sensor for EVO, MYCOMFORT and LED503 controller
<b>MCSUE</b>	Humidity sensor for EVO, MYCOMFORT MEDIUM and LARGE controller
<b>EVODISP</b>	EVO CLOCK Remote display
<b>EVOBOARD</b>	EVO 230V circuit board
<b>LED503</b>	LED503 Recess wall-mounted electronic controller with display
<b>KL</b>	LED503 on-board installation KIT for ESTRO

## ACCESSORIES

<b>Power interface and regulating louver controllers</b>		<b>Plenum and connectors</b>
<b>KP</b>	Power interface for connecting in parallel up to 4 fan coils to one controller	<b>RM90</b> Angular outlet connector
<b>CSB</b>	On-board controller for opening and closing the motor-driven regulating louver	<b>RM90C</b> Angular outlet insulated connector
<b>CSD</b>	Recess mounted controller for opening and closing the SM motor-driven regulating louver	<b>RMD</b> Straight outlet connector
<b>Additional heat exchanger for 4-pipe systems</b>		<b>RMCD</b> Straight outlet insulated connector
<b>DF</b>	1-row additional heat exchanger for 4-pipe systems (not suitable for "M" models)	<b>RA90</b> Angular inlet connector
<b>Auxiliary water drip trays, insulating shell, condensate drainage pump</b>		<b>RAD</b> Straight inlet connector
<b>BV</b>	Auxiliary water drip tray for vertical installation fan coil units	<b>RMCD C</b> Air outlet plenum with circular collars
<b>BH</b>	Auxiliary water drip tray for horizontal installation fan coil units	<b>RAD C</b> Air inlet plenum with circular collars
<b>GIVKR</b>	Insulating shell for VK1S valve, water connections on the right	<b>External air intake louvers</b>
<b>GIVKL</b>	Insulating shell for VK1S valve, water connections on the left	<b>S</b> Manual external air intake louver
<b>KSC</b>	Condensate drain kit	<b>SM</b> Motor-driven louver, with motor on the right with transformer
<b>Support and covering elements</b>		<b>SMC</b> Motor driven louver, with motor on the right, for centralised control
<b>ZL</b>	Pair of support covering elements for Estro FL	<b>SMC</b> Motor driven louver, with motor on the left, for centralised control
<b>ZLG</b>	Pair of support covering elements with front grille for Estro FL	<b>Valves</b>
<b>ZA</b>	Pair of support covering elements for Estro FA	<b>3</b> 3-way valve, 230V actuator, hydraulic kit for standard heat exchanger
<b>ZAG</b>	Pair of support covering elements with front grille for Estro FA	<b>VK</b> 3-way valve, 230V actuator, hydraulic kit for DF heat exchanger
<b>ZC</b>	Pair of support covering elements for Estro CL	3-way valve, 24V actuator, hydraulic kit for standard heat exchanger
<b>ZCG</b>	Pair of support covering elements with front grille for Estro CL	3-way valve, 24V actuator, hydraulic kit for DF heat exchanger
<b>D</b>	Supports for Estro FC	3-way valve, modulating actuator, hydraulic kit for standard heat exchanger
<b>Rear covering panels</b>		<b>VKM</b> 3-way valve, modulating actuator, hydraulic kit for DF heat exchanger
<b>PV</b>	Painted rear panel for vertical installation models with cabinet	3-way valve, 230V actuator, hydraulic kit on heat exchanger side for standard heat exchanger
<b>PH</b>	Painted rear panel for horizontal installation models with cabinet	3-way valve, 230V actuator, hydraulic kit on heat exchanger side for DF heat exchanger
<b>Electrical heating elements</b>		<b>VK</b> 3-way valve, 24V actuator, hydraulic kit on heat exchanger side for standard heat exchanger
<b>RE</b>	Heating element with installation kit, relay box and safety devices	3-way valve, 24V actuator, hydraulic kit on heat exchanger side for DF heat exchanger
<b>Grilles</b>		<b>VKM</b> 3-way valve, modulating actuator, hydraulic kit on heat exchanger side for standard heat exchanger
<b>GE+C</b>	Aluminium external air intake grille, with subframe	3-way valve, modulating actuator, hydraulic kit on heat exchanger side for DF heat exchanger
<b>GEF+C</b>	Aluminium external air intake grille, with subframe and air filter	2-way valve, 230V actuator, hydraulic kit on water connection side for standard heat exchanger
<b>GM+C</b>	Aluminium air outlet grille with 2-row fins and subframe	2-way valve, 230V actuators, hydraulic kit on water connection side for standard and DF heat exchanger
<b>RGC</b>	Plenum with circular collars for air outlet grille	<b>KV</b> 2-way valve, 24V actuator, hydraulic kit on water connection side for standard heat exchanger
<b>Grilles</b>		2-way valve, 24V actuator, hydraulic kit on water connection side for standard and DF heat exchanger
<b>GE+C</b>	Aluminium external air intake grille, with subframe	<b>KVM</b> 2-way valve, modulating actuator, hydraulic kit on water connection side for standard heat exchanger
<b>GEF+C</b>	Aluminium external air intake grille, with subframe and air filter	2-way valve, modulating actuator, hydraulic kit on water connection side for standard and DF heat exchanger
<b>GM+C</b>	Aluminium air outlet grille with 2-row fins and subframe	
<b>RGC</b>	Plenum with circular collars for air outlet grille
